YOU CAN FIND US IN:

SCAN Classic (HMO), SCAN Balance (HMO SNP) and SCAN Heart First (HMO SNP) are HMO plans with Medicare contracts. Enrollment in SCAN Health Plan depends on contract renewal. You must continue to pay your Medicare Part B premium.

Insulin copayments listed in the Prescription Drug Coverage Table apply to members who do not receive “Extra Help” to pay for their prescription drugs. Your insulin copayment may change when you enter Catastrophic Coverage. To find out which insulins are covered by SCAN, review the most recent Drug List we provided electronically. Covered products include all insulin pens and vials listed under the class name “Insulins” in our Drug List. If you have questions about the Drug List, you can also call Member Services. Prescription copay/coinsurance may vary by plan, county, pharmacy type (e.g., Preferred or Standard, etc.), day supply, Part D benefit phase, or in members who receive “Extra Help.” You can fill your prescriptions at any of our network pharmacies, but you may pay less at a Preferred pharmacy. Check your Evidence of Coverage or call Member Services for details (phone numbers for Member Services are printed on the back cover of your Evidence of Coverage).

You can get prescription drugs shipped to your home through our network mail-order delivery program. Express Scripts PharmacySM is our Preferred mail-order pharmacy. While you can fill your prescription medications at any of our network mail-order pharmacies, you may pay less at the Preferred mail-order pharmacy. Typically, you should expect to receive your prescription drugs within 14 days from the time that Express Scripts mail-order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact SCAN Health Plan’s Member Services. For your mail-order prescriptions, you have the option to sign up for an automatic refill program by contacting Express Scripts Pharmacy at 1-866-553-4125, 24 hours a day, 7 days a week. TTY users call 711. You may opt out of automatic deliveries at any time.

2023 Pharmacy Benefits for SCAN Members

We are committed to helping our members access the medications they need to remain healthy and independent. Please encourage SCAN members to take advantage of these cost-saving opportunities for their prescription medications.

While SCAN members can fill their prescriptions at any of the pharmacies in our network, they will generally pay less at a Preferred pharmacy.

Most SCAN members pay **\$0 for Tier 1 and Tier 2 drugs** (up to a 100-day supply) at SCAN local preferred pharmacies and through mail-order from Express Scripts Pharmacy®.
