

2022 Pharmacy Benefits for SCAN Health Plan® Members

We are committed to helping our members access the medications they need to remain healthy and independent. Please encourage SCAN members to take advantage of these cost-saving opportunities for their prescription medications.

Preferred Pharmacies = Lower Copays

While SCAN members can fill their prescriptions at any of the pharmacies in our network, they will generally pay less at a Preferred pharmacy.

Most SCAN members pay **\$0 for Tier 1 and Tier 2 drugs** (up to a 100-day supply) at SCAN local preferred pharmacies and through mail-order from Express Scripts PharmacySM.

Preferred	Standard
CVS Express Scripts Pharmacy Rite Aid Walmart Costco Ralphs/Kroger/Fry's Safeway/Albertsons Many independent pharmacies	Walgreens Medicine Shoppe Select independent pharmacies

Make It Mail-Order

The easy way to fill maintenance medications. Members can make fewer trips to the pharmacy by having a 3-month supply delivered to their homes. And the standard shipping is free!

The Preferred Pharmacy pricing is available through Mail Order from Express Scripts Pharmacy. To get started, members should contact an Express Scripts Personal Enrollment Specialist at 1-877-842-9792 (TTY: 711) once their membership with SCAN begins.

3-Month Supply = Savings

Most SCAN plans offer discounts on a 3-month supply (up to 100 days) of ongoing medications at nearly all pharmacies. Cost savings and convenience are just two ways SCAN encourages medication adherence.
